ATTACHMENT 2

ATTACHMENT *Sashing Strips for Assembling the Quilt*

There are several long sashing strips needed to set the quilt together. They are indicated by the light purple fabric. In the sample quilt, they are the light background fabric. If you are planning to use your light background fabric for these, you might want to set aside the fabric for these strips to avoid having to piece them later.

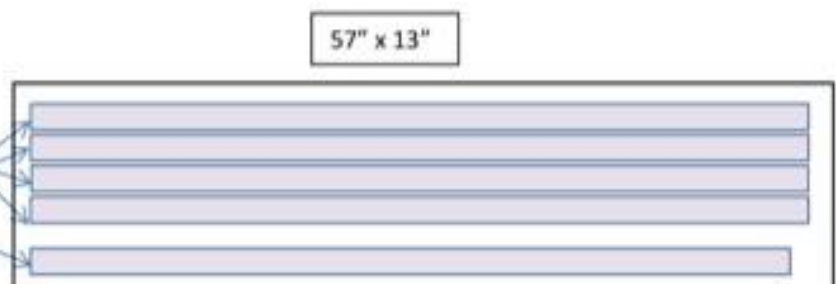

- Before you cut anything else, cut a piece at least 57" x 13" parallel to the selvage.
- Then cut a piece at least 37" x 7".

The strip sizes are as follows:

Four strips cut 56 1/2" wide by 2 1/2" high

One strip 2 1/2" wide by 53 1/2" high

Two strips by 2" wide by 36 1/2" high

One strip 35 1/2" wide by 2 1/2" high

- Subcut according to the diagram below.
